of Medical Sciences

Kamal Gholipour

1. Contact Details

📍 **Address:** Department of Health services management, Faculty of Management and Medical Informatics, Daneshgah St, Tabriz, IRAN

✉ **Email:** Kgolipour@gmail.com, gholipourk@tbzmed.ac.ir

📞 **Mobile Number:** 00989143063477

2. PERSONAL DETAILS

Date of Birth: May 22, 1988

Nationality: Iranian

Languages: Turkish (Azeri), Persian, English

Education:

- PhD: Health services management
- MSc : Health services management
- BSc : Health services management
- Fellowship in district health management

Thesis:

- **PhD Thesis:** Designing District Health Management Framework in the Iranian Healthcare System.
- **Ms Thesis:** Improving quality of maternity care from the perspective of pregnant women in Tabriz.

Current Position:

- Head of research deputy, Tabriz university of Medical Sciences, National public health management Center (NPMC),
- Academic staff, Health services management departments, Tabriz university of Medical Sciences

3-Professional experience

- Deputy of Iranian Center of Excellence in Health Management (IceHM), Tabriz university of Medical Sciences, (2017-2019)
- Research Deputy of National public health management Center (NPMC), Tabriz university of Medical Sciences, (2018-present)
- Secretary of the brilliant talent office, Faculty of Management and Medical Informatics, (2017-present)
- Member of Research Council of Social Determinants of Health Research Center, Tabriz university of Medical Sciences, (2017-present)
- Member of Research Council of Tabriz health services management Research Center, Tabriz university of Medical Sciences, (2016-present)
- Academic editor of PLoS ONE since 2018

4. Research and teaching Interests

- Health System Management capacity building
- Quality in health care
- Public participation in health system
-

5. Teaching experience

- 2016-present: Tabriz University of Medical Sciences, Iran. Courses:
 - Health system organization and management
 - Hospital management
 - Planning in health system
 - Operational research
 - Health system Research
 - Scientific writing
 -

6. Research experience

- Quality of Delivered Care for People with rheumatoid arthritis from the perspective of the Services Recipients in Isfahan
- Designing a Neonatal Transport System in Iran, Ministry of Health and Medical Education
- Designing District Health Management Framework in the Iranian Healthcare System
- Improving quality of maternity care from the perspective of pregnant women in Tabriz
- Investigating the factors affecting self-treatment and the pattern of drug use among students of Tabriz University of Medical Sciences during 2011
- Epidemiological study of elderly patients referred to emergency department of Tabriz teaching hospital in 2010
- Improving the service quality of endoscopic department of Imam Reza Hospital in Tabriz in 2011
- Designing the system for selecting and appointing managers of Shiraz University of Medical Sciences

- Quality of Delivered Care for People with rheumatoid arthritis from the perspective of the Services Recipients in Isfahan
- Designing tools and assessing the readiness of hospitals in East Azarbayjan province for clinical auditing from the viewpoint of hospital managers in 2013
- Comparing trends of performance indicator of Tabriz obstetrics and gynaecology hospitals managed as autonomous and budgetary units using Pabon Lasso method; 2010-2012
- Evaluation of the quality of care provided to women with urinary incontinence in Tabriz clinics and hospitals in 2013
- Comparing organizational effectiveness of Tabriz obstetrics and gynaecology hospitals managed as autonomous and budgetary using AHP technique and performance data; 2010-2012
- Causes of Delay in Diagnosis of Pulmonary Tuberculosis patients in Tabriz city during the last four years
- Care at home from nurses' point of view
- Comparison of quality of life in hemodialysis and peritoneal dialysis patients referring to Imam Reza Hospital in Tabriz
- Assessing Technical Quality Assessment Methods for Measuring Quality of Healthcare using AHP technique
- Cost of illness Analysis of peritoneal dialysis and hemodialysis patients in Imam Reza hospital-Tabriz
- comparing quality of life in among patients with haemodialysis and peritoneal dialysis in Tabriz hospitals
- Comparing Artificial Neural Network and Multiple Logistic Regressions in Underlying the Risk Factors of Diabetes Mellitus Prevalence in East Azerbaijan province
- Identifying the Expectations and Experiences of Service Providers and Recipients in the Field of Services Provision to Children with Autism Spectrum Disorder in Tabriz
- Relationship between social determinant of health of children with autism spectrum disorder, access to services and quality of services.

7. Publications

➤ Book (in Persian):

- Improve the quality of prenatal care: healthy mothers, healthy children, Tabriz University of Medical Sciences, Tabriz University of Medical Sciences, 2010.
- Managing Clinical Audit Programs, Tabriz University of Medical Sciences, 2011.
- Social determinants of health: Future strategies of the authorities of related organizations in East Azerbaijan province, Tabriz University of Medical Sciences, 2015.
- Advocacy and Public Participation in Health; District Health Management, Tabriz University of Medical Sciences, 2018.
